

Dear CIFE Alumni,

This year, we are celebrating the 70th anniversary of our organisation. CIFE has and will always be a non-profit organisation, for which the loyalty, engagement and support of its former students is vital.

Each year, highly talented and motivated students from low-income countries and from disadvantaged families apply to participate in one of our Master programmes. To some of them, we can grant scholarships thanks to the support from the European Commission. But there are limits to the support provided by the EU. Each year, students have to decline a study offer from CIFE, because they cannot meet the financial conditions.

That's why we have decided to set up the "CIFE 70 years scholarship fund". Our aim is to raise enough money from our alumni to finance three students from low-income countries and from disadvantaged families in the coming year.

Many alumni received financial support from CIFE while they were students. Many are now in good positions, partly thanks to their studies at CIFE.

The "CIFE 70 years scholarship fund" is an opportunity to give something back to the institution which helped you shape your professional career.

If you would like to take part in this fundraising campaign, please make a bank transfer to the bank account of CIFE marked below, with the reference:

**"Donation to the CIFE 70 years scholarship fund".**

Our administration can provide you with a receipt.

We thank you in advance for your generosity and for your unstinting support.

Matthias Waechter

Director general
